## Speed Climbing

The speed wall for Youth C & D will be a jug haul similar to those routes seen at previous regional and divisional competitions. For the JR/A/B routes, IFSC speed holds will be used to build a 10 meter speed wall. There will be nontrivial deviations from the official IFSC spacing. The wall used does not have a consistent 5 degree overhang and it has a slight dihedral at the beginning. Please understand that the walls at Mission Cliffs, like most gyms, were not built to accommodate an IFSC speed wall.

## Parking

Parking on the street is available on a first come/first serve basis. Parking will be available across the street at 2380 Harrison Street between 19<sup>th</sup> and 20<sup>th</sup>. The cost is \$10/day and all proceeds will benefit the John O'Connell High School PTA. Parking will open 30 minutes before start and end about 30 minutes after end of event each day. No in and out privileges. Bring this document to confirm that you are with USAC.
